Water readings to confirm

Prepared 22/10/2026

Some meter readings are saved against a tenant who had already moved out, so that water is billed to them instead of the tenant living there. Before anything is moved, it would help to confirm the points below.

readings	units	properties	opening readings to check

Points to confirm

1. A tick per unit if the readings were taken while the tenant under "Should be on" lived there.
2. Where a note says the opening reading is 0, the meter reading on that tenant's move-in day.
3. If a move-out or move-in date below is not right, the correct date; that alone may put the readings right.
