What the total is made of

Charge	Billed since Aug 2025	Note
Rent	82,735,471	Even if every payment went to rent first, rent alone would be 6.24M short.
Deposits	5,244,093	3.13M of these were charged on 1 Aug 2025 to imported tenants and never covered by their payments; they are listed in the separate deposits sheet.
Water	1,271,560	Added to the system on 2 Oct 2026 for readings from Sep 2025 to Apr 2026, so tenants have not been invoiced for it yet.
Opening arrears	861,777	Balances entered when tenants were imported.

Points to confirm

1. Tenants on page 3. A tick per row showing whether the tenant has moved out, a payment is missing from the system, or the balance is still owed would let us correct the figures.
2. Properties with low recorded collection: Jacaranda, Lau 1, Kagiri 2, Loise, Kuwait, Ngugi Mwiki, Loise Mwihoko, Maigwa, Mutahi, Grace, Kamande. It would help to know whether all payments there are being entered in the system.
3. Water. Water for Sep 2025 to Apr 2026 now appears on tenants' balances. If any of it was already collected outside the system, we will take it off. Readings for May to Sep 2026 have not been entered yet.
4. Deposits. A separate sheet lists the 567 tenants imported on 1 Aug 2025, to note whose deposit was paid before the system.
5. Meter readings (last page). 12 readings need either a month or the correct value.
6. Jacaranda unit 2 shows the tenant as "New Tenant" (owes 500,000); the tenant's actual name would help.
